

## Ideas and Projects for QRP

*It is the first e-book published on the base of **AntenTop** articles. Book contains 12 chapters (one Supplementary), hams from 12 countries share with you by their experience.*

*The book is a compilation of articles congenial to QRP published on 2003- 2005 years at free e-magazine **AntenTop***

*Book weight 17 MG, so, it may take time to download. Anyway you may download all stuff from the book separately using input "Back Issues" or "Open Book" at **AntenTop** home page.*

*Of course, the book will be interesting for all amateurs, not only for QRP- funs.*

### Table of Contents

#### CHAPTER 1 HF- Antennas

Balcony Antenna // by Harry Lythall, SM0VPO

Balcony Antenna Extension // by Harry Lythall, SM0VPO

Multirange Vertical Antennas // by Igor Grigorov, RK3ZK

Practical Design of Open Sleeve Antennas for Upper Amateur HF- Ranges // By Dmitry Fedorov, UA3AVR

Multi- Range Vertical Antenna UA1DZ // by Igor Grigorov, RK3ZK

Hula- Hoop magnetic Loop // by Yuri Kazakevich, EW6BN

A Helical Loop Antenna for the 20-meters Band // By Vladimir Kuz'min, UA9JKW

Top Load at Vertical Antennas // by Igor Grigorov, RK3ZK

Three Band Universal RZ3AE Antenna // Evgeniy, RZ3AE

Fast Made a Half – Wave Antenna for 80 Meters // by Igor Grigorov, RK3ZK

Window Dipole Antennas with Capacitive Loads for the 6 and 10 Meters Bands // by Igor Grigorov, VA3ZNW

J - Antenna for 160,15 and 10(FM) meters // by Valentin Gvozdev , RU3AEP

<http://www.antentop.org/>

### Ideas and Projects for QRP

**Free e- book!**

**210 pages in 8- 1/2"x 11" size**

**Download!**

<http://www.antentop.org/library/>

Multirange Trap Antennas // by Igor Grigorov, RK3ZK

A Five Bands Vertical Trap Antenna // M. Chirkov, UL7GCC

Dipole Nadenenko // By Radio 1959

RBM Radio // by Igor Grigorov, RK3ZK

Half-Loop Antennas // Jean-Pierre GOUIN & Daniel LAFARGUE

Old Military HF- Antennas of Communication Cars // by Igor Grigorov, RK3ZK

Modern Military HF- Antennas of Communication Cars // by Igor Grigorov, RK3ZK

Field Universal HF Antenna RV3DA // by Igor Grigor'ev, RV3DA

Shunt Vertical Universal HF Antenna // by Igor Grigorov, RK3ZK

#### CHAPTER 2 VHF – Antennas

Antenna X200 by UA9CR

"Bottle" Antenna for 145 MHz // by Sergey Mironov, RA1TW

5/8 Lambda VHF- UHF-Antenna // Alex, RA3GBQ

Short 'Rubber Duck' for VHF/UHF Hand – Held // by Igor, UA6HJG

## **ANTENTOP- 01- 2006, # 008**

Short 'Rubber Duck' for VHF/UHF Hand – Held // by Igor, UA6HJG

Twins Delta Loop for 145 MHz // by Nick V. Derenko, US8AR

RN1NZ VHF Antenna // by RN1NZ

Folding 3-el YAGI for Mountains // Igor, UA6HJG

Simple 430-MHz 3-el YAGI for Mountains // Igor, UA6HJG

Simple 430-MHz 4-el YAGI for Mountains // Igor, UA6HJG

4-Ovals Antenna for 430- 440 –MHz // Igor, UA6HJG

### **CHAPTER 3 Receiving Antennas**

Old Receiving Magnetic Loop Antennas // by Igor Grigorov, RK3ZK

### **CHAPTER 4 ATU**

Something about ATU // by Igor Grigorov, RK3ZK

### **CHAPTER 5 Radio Wave Propagation**

Aliens do LDE! // by Igor Grigorov, RK3ZK

Einstein Wave or just LDE // by Igor Grigorov, VA3ZNW

Nonlinear Propagation of Radio- Wave in Ionosphere // by Igor Grigorov, VA3ZNW

Black holes in the Air // by Sergey A. Kovalev, USONE

EARTH ACUPUNCTURE. *Feedback on one problem...*

By Igor Grigorov, RK3ZK @ Co

Earth Shadow, propagation related to earth shadow // by Michael Higgins, EI 0 CL

Antenna – Island // by John Doty

Pedersen ray propagation // By Robert Brown

Antennas in the mountains // by Igor Grigorov, RK3ZK

### **CHAPTER 6: QRP TRANSCEIVERS**

Three transceivers from Oleg Borodin, RV3GM/QRP  
Oleg Borodin, RV3GM/QRP

## **Ideas and Projects for QRP**

My First QRP Station

GNOMIK- 80-M QRP- Transceiver

Micro- 80 X- Tall QRP- Transceiver

Simple QRP CW Transceiver for the 20 meters // by Igor Grigorov, VA3ZNW

A Simple SSB Transceiver // Ashhar Farhan

### **CHAPTER 7: QRP TX**

80/40 meter CW Transmitter with 6BM8/ECL82  
by Jan, SM5GNN

Simple QRP TX for the 40 meters // by U- QRP- C Book # 3

### **CHAPTER 8: QRP RX**

A Regenerative Receiver with 6SN7GT // by Jan, SM5GNN

Simple Regenerative Receivers // by U- QRP- C Book # 3

### **CHAPTER 9: QRP PA**

QRP PA for the 10 meters // by U- QRP- C Book # 3

### **CHAPTER 10: KEYS for QRP**

Keys for QRP- expeditions // by Igor Grigorov, RK3ZK

Home Made Key for FT- 817 // by Yuri Murashev, RX3AEW

### **CHAPTER 11: QRP STORY**

QRP beyond belief // by Igor Grigorov, RK3ZK

QRP Tales // by Alexei Rusakov, UA4ARL

A QRP- QSO without an Antenna // by RV3GM

### **CHAPTER 12: ANTENNA TOOLS**

Tool for Pulling Guys // by Victor. RN9FAB

Fastening of Guys // by Nick V. Derenko, US8AR

Wooden Struts // by Igor Grigorov, RK3ZK

Parameters of Coaxial Cables
